Objective

I am looking for an opportunity to use my skills and abilities. I am a team player who is able to work effectively in a fast-paced environment. I am committed to continuous learning and willing to take on new challenges. I am a hard-working person looking for a position to gain experience.

Experience

Appletree Infotech Ghaziabad (Intern – Web Development)

3-Months

- Worked on a Fees Management Portal using HTML, CSS, JavaScript (frontend), Hibernate (backend), and MySQL (database).
- Developed key modules including Student Login, Admin Login, Admission Form, Gallery page, Feedback form, Contact form and Fees Receipt Page.
- Implemented responsive design and integrated backend with Hibernate for data management.

Projects

1) Fees Management Portal (Appletree Infotech)

- Technologies: HTML, CSS, JavaScript, Hibernate, MySQL
- Developed a full-stack web application for managing student fee records.
- Included features like fee submission, record search, Student Admission and data validation.

2) Usability Hub Website UX/UI Clone

- Technologies: HTML, CSS, Flexbox, Media Queries
- Built a fully responsive UI clone of a generic e-commerce website. Focused on product layout, navigation bar, and responsive design.

3) TravelMate – A Modern Tourism Website

- Developed a responsive tourism website using **HTML, CSS, JavaScript, and React.js** with interactive pages and reusable components.
